Solution Partner in Branded Packaging

SOLUTION PARTNER OF PACKING

ABOUT US

We handle all process for you

Since most of our customers are restaurants, fashion retailers and their wholesalers, we are aware that our printed packaging solutions are not your main business. For this reason, we listen demands of our customers from need arises. We find and offer you the best solution as if we are your employee. If you wish we handle all process until goods come to your warehouse. We inform you on all stages of production and logistics. In this context, Ildapack acts as a solution partner alongside being a producer only.

Export to 40+ countries, wide product range with hundreds of products

We export to more than 40 countries mainly in Europe, America and Asia. Turkey is advantageous as finished products can be in your warehouse 15 days later. If you wish, we help you with transportation, customs, etc. We are aware that the needs of each country are different. With our large machine park, we can answer many of your needs.

All our production takes place in Turkey. We offer fast and quality packaging solutions with our broad machine park.

PP cups and PET cups are both great choices for your bubble tea shop or restaurant and both types of cups are transparent, recyclable and safe to drink from. Choosing between PP and PET cups will mostly depend on your budget. PP cups are cheaper not only for buying the cups but also for custom printing, sealing films and they use the standard sealing machine. PET cups are thicker and more transparent than PP cups but will also be more expensive.

It is very important for us to give the right option for the different uses of aluminium foils. The customers can request the specific product according to their orders. In the food industry, the aluminium foil is the right option for product packaging: the main features are lightness, flexibility and resistance. The aluminium foil is also completely recyclable.

TRASH BAGS

Keeping your home office clean and clear of clutter is the best way to keep the ideas flowing, so let us help! Waste basket liners for office trash cans might be a small detail, but we happen to think they are an important one. Forget the crumpled grocery bags or sloppy large garbage bags that flop over the rim. Treat yourself and your home office to a beautifully fitting bag, no matter what size your can may be.

Industrial trash bags are handy dirt collectors that help keep offices, warehouses, and work sites clean and tidy. These can liners are stronger and more durable than regular home or office waste bags. They are ideal for carrying wet and heavy trash and suitable for indoor and outdoor use.
